

Muckspreaders

MS 150

- Designed for the equine, smallholder and horticulturalist market, The Fleming MS150 has been developed to complement the existing popular and successful MiniMuck & MS450, offering a more complete and comprehensive muck spreading option for the 25–60HP compact tractor range.
- The MS150 is a trailed 2 cubic yard capacity machine with a reinforced 3mm body on a heavy duty 5 stud axle with 10/80/12 tyres.
- Designed for 25–50HP compact tractor and driven by the power take off.
- Power requirement is geared down through a simple chain and sprocket drive line mounted on heavy duty bearings to reduce the power demand on the tractor and increase fuel efficiency.
- The body of the Fleming MS150 is designed for easy access loading, with a 50mm balanced steel shaft rotor with reinforced starter bars and heavy duty 10mm hardened steel chain flails to give a quick start-up and efficient unloading time.

Code	Cubic Yard Capacity	Power Required	Door	Chain/Flails	Drum Thickness	Overall Length	Width	Loading Height
